MOTORS**
Drive your Ambition

PERFORMANCE

With an impressive combination of the 1.2L DOHC 12-Valve Mitsubishi Innovative Valve-timing Electronic Control (MIVEC) system engine, lightweight and aerodynamic body, the Mirage G4 is able to achieve an impressive mileage of up to 21 km/L.

EURO-4 Compliant 1.2L DOHC 12-Valve MIVEC (3A92) Engine
MIVEC adjusts the timing of the intake camshafts for optimal performance across the RPM range.

INVECS - III CVT
INVECS-III CVT automatically selects the optimal gear ratio based on road & driving conditions. It maximizes engine power and RPM for excellent fuel economy while still providing a smooth and agile driving feel throughout the rev range.

KEYLESS OPERATION SYSTEM (GLS)
The Keyless Operation System (KOS) lets you get in and out of your Mirage G4 simply by carrying the key with you. Quickly start up your car by pressing the Start/Stop button with the key fob nearby.

AERODYNAMIC DESIGN (C_d = 0.29)
The Mirage G4's low drag coefficient results in better performance and fuel economy.

STANDOUT MILEAGE

EXTERIOR

Celebrate the good life with the Mitsubishi Mirage G4 - the perfect vehicle designed to complement all the wonderful things happening to you. It's loaded with the features that suit you perfectly - fuel efficiency and eco-friendliness combined with uncompromised power, roomy cabin and spacious trunk that ensure an unforgettable driving experience. It's everything you need from a small sedan.

Dark Chrome 15-inch Alloy Wheels (GLS)

Dark Chrome Diamond Cut Front Grille (GLS)

Fog Lamps (GLS)

Power Side View Mirrors with Integrated LED Turn Signals (GLS)

INTERIOR

The Mitsubishi Mirage G4 was consciously designed to give both passenger and driver pure enjoyment. From easy handling to top flight entertainment that's at your control with its Wheel-mounted Audio Controls (GLS), driving will always be fun. What's more, its impressive leg and head room along with supportive fabric seats and other features make for a well-rounded amazing vehicle.

SAFETY

DUAL SRS AIRBAGS Designed to ensure safety and protection from direct frontal collisions.

REINFORCED IMPACT SAFETY EVOLUTION (R.I.S.E.) BODY

The R.I.S.E. body structure's crumple zones effectively absorb and disperse crash energy away from the cabin protecting all passengers.

ANTI-LOCK BRAKING SYSTEM (ABS) WITH ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

These two systems work together to prevent tires from locking up and avoid collision during sudden braking on wet roads and other conditions. ABS ensures that the car remains responsive to your control when braking while EBD distributes the force generated to all four wheels to shorten braking distance.

ADULT OCCUPANCY PROTECTION MINI CAR CATEGORY

Won the ASEAN NCAP Grand Prix Award for Adult Occupancy Protection in the Mini Car Category
